I HAVE LOST MY KINGDOM, BUT NOT MY SON. IF HE CAN BE SAVED, SO CAN THE WORLD.

"Our world was the sea and we ruled with fairness, but overcome in an unjust war, my infant son is all that is left and he is guarded with power and grace. He can only be saved by the strongest and bravest with the will to open the door. Robot defenses stand in your way, so that only Airheart can discover the place."

Attributed to Marinus, Lord of the Sea. 1159 AZ.

Handed down through the ages, these are the last words of the fair King Marinus. Words that have sent countless would-be heroes to make an attempt, all of whom have failed. For somewhere over a sea with no boundaries, the prince still waits, his life frozen in a state of suspended animation.

His rescue is no small game, for his return brings with it the rebirth of a peaceful world: perhaps the ultimate reward for the hero that sets him free, and proves himself to be **Airheart.**

Your vehicle is a jet-powered sled. Unbelievably maneuverable and astonishingly quick, it can even take you below the sea. You'll need all of its power and all of your skill to overpower wave after wave of robot defenses.

It's a high speed challenge with stakes that are even higher. Can you become Airheart?

FINALLY A DOUBLE HI-RES, THREE-DIMENSIONAL, ARCADE ADVENTURE FOR APPLE OWNERS . . . DESIGNED BY A MASTER TO BRING OUT THE MASTER IN YOU. If you've ever played Choplifter!, you know what Dan Gorlin can do. Wait till you see what he's done now.

PILOT THE JET SLED THROUGH A WORLD OF ADVENTURE. You can feel the thrust and sense the danger as your skill is tested again and again.

SPIRIT GUARDIANS PRESENT YOUR TASKS, AND ROBOT DEFENSES LURK AT EVERY TURN. To fight the final battle, you must first retrieve the sword, the goblet and the harp.

IN A SPECTACULAR DISPLAY OF SKILL, YOU MAY FINALLY MEET THE PRINCE. Should you master the robots, you will receive the reward. **Airheart** shall be your name.
